RE: EM-CING-034-220601 – New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 52 Stadley Rough Road, Danbury, Connecticut.

Dear Mr. Renwick:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 1, 2022.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified that the request is not in compliance with the Connecticut Superior Court's Stipulation for Judgment (Stipulation) dated January 6, 2010 specific to this facility (see attached). The Stipulation requires all modifications to this facility to comply with the following conditions:

- 1) All proposed antennas are to be flush mounted to the tower;
- 2) The tower, antennas and mounts are required to be painted brown; and
- 3) Notice of any modifications is required to be provided to The City of Danbury and Jose and Christina Carvalheiro.

The inconsistencies identified in the exempt modification request consist of, but are not limited to, the following:

- Sheet No. A-2 of the Construction Drawings, prepared by Hudson Design Group and last revised May 19, 2022, show a proposed low-profile antenna platform which is inconsistent with Condition No. 1 above;
- The Structural Analysis and Mount Analysis provided with the exempt modification request propose a platform antenna mount, which is inconsistent with Condition No. 1 above;
- There is no indication that the mount and antennas would be painted brown, which is inconsistent with Condition No. 2 above; and
- There is no proof that notice was provided to Jose and Christina Carvalheiro, which is inconsistent with Condition No. 3 above.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications provide a revised request that is in compliance with the conditions of the Stipulation referenced above, on or before July 29, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 29, 2022. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director
