RE: **EM-CING-034-181011** – New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 52 Stadley Rough Road, Danbury, Connecticut.

Dear Mr. Meyers:

The Connecticut Siting Council (Council) is in receipt of your correspondence of October 17, 2018 submitted in response to the Council's October 15, 2018 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The submission renders the request for exempt modification complete and the Council will process the request in accordance with the Federal Communications Commission 60-day timeframe.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director

**RE: Notice of Exempt Modification // Site Number: CT2312
52 Stadley Rough Road, Danbury, CT 06811 (Site Name: Danbury1)
N 41.433102// W -73.431916**

Dear Ms. Bachman:

New Cingular Wireless, PCS, LLC ("AT&T") currently maintains six (6) antennas at the 107-foot level of the existing 140-foot Monopole tower at 57 Stadley Rough Road, Danbury, CT 06811. The tower is owned by SBA Communications Corp.. The property is owned by Christ the Shepherd Church PCA. AT&T now intends to replace three (3) Antennas, add nine (9) Remote Radio Units, and add one (1) Surge Arrestor for its LTE upgrade. These Antennas and Remote Radio Units would be installed at the 107-foot level of the tower.

Please accept this letter as notification pursuant to Regulations of Connecticut State Agencies § 16-50j-73, for construction that constitutes an exempt modification pursuant to R.C.S.A. § 16-50j-72(b)(2). In accordance with R.C.S.A. § 16-50j-73, a copy of this letter is being sent to Mark Boughton, Mayor of Danbury, as well as the tower owner, SBA Communications Corp., and the ground owner, Christ the Shepherd Church PCA.

The planned modifications to the facility fall squarely within those activities explicitly provided for in R.C.S.A. § 16-50j-72(b)(2).

Attached to accommodate this filing are construction drawings dated August 30, 2018 by Dewberry Engineers Inc., a structural analysis dated September 26, 2018 by Tower Engineering Solutions, a mount analysis dated August 21, 2018 by B+T Group, and an Emissions Analysis Report dated October 3, 2018 by Centerline Communications, LLC.

1. The proposed modifications will not result in an increase in the height of the existing structure.

RE: **EM-CING-034-181011** – New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 52 Stadley Rough Road, Danbury, Connecticut.

Dear Mr. Meyers:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on October 11, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified deficiencies in the Cover Letter submitted with the request. The last two lines of the first paragraph of the Cover Letter states that "AT&T now intends to replace three (3) Antennas, add three (9) Remote Radio Units, and add one (1) Surge Arrestor for its LTE upgrade. These Antennas and Remote Radio Units would be installed at the 140-foot level of the tower". These underlined data are inconsistent with the Site Plans and the Structural Analysis Report provided with the request.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications, LLC provide a Cover Letter with information that is consistent with the Site Plans and the Structural Analysis Report provided with the request, on or before November 23, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to November 23, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
