RE: **EM-VER-038-210720** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 143R Old Blue Hills Road, Durham, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on July 20, 2021.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request due to lack of notice. Northeast Site Solutions provided Click-N-Ship labels from the United States Postal Service to the property owner and stated that notice was provided to the Chief Elected Official via email only; however, the Council issued memoranda on June 22, 2017 and July 12, 2021 to entities requesting exempt modifications requiring a copy of the entire notice and attachments be physically mailed to the chief elected official of the host municipality and the underlying property owner and proof of such mailing shall be submitted to the Council with the request for exempt modification. See attached.

The above referenced request for exempt modification lacks proof that the entire request for exempt modification was physically mailed to the Chief Elected Official and underlying property owner.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Northeast Site Solutions provide proof of proper notice of this exempt modification request to the Chief Elected Official and underlying property owner on or before September 20, 2021. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to September 20, 2021. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Good afternoon.

I received a call from Robin Edwards, Corporation Counsel for the City of Danbury. She was concerned about how notice of this request was provided to the City and indicated that it appeared the request was submitted through their "311 service?" From their website, this appears to be a City Service Request Form. I snipped the link to it below for your convenience. The cover letter indicates that a copy was sent to the Mayor and the Director of Planning. Could someone please confirm that a copy of the letter was actually sent rather than submitted to the "311 service" when you have a chance?

Thanks.

RE: Exempt Modification/Tower Share Filings

---

Pursuant to Regulations of Connecticut State Agencies § 16-50j-73 and §16-50j-88, the April 2013 *Filing Guide for Modification of Existing Telecommunications Facilities*, and the August 2013 *Tower Share Filing Guide*, notice in writing shall be provided to “the Council, the property owner of record... and the chief elected official” of the intent to modify or share an existing telecommunications facility.”

The Town of Plainfield notified the Council that an exempt modification request and a copy of the Council’s June 14, 2021 decision on the request was received by the Town without explanation on July 6, 2021 with a FedEx shipping label dated May 21, 2021. The Town was not provided written notice of the request as required by the regulations and filing guides.

On June 22, 2017, the Council informed requesting entities by memorandum that a copy of the notice and the attachments of the request for exempt modification or tower share ***shall be physically mailed to the chief elected official of the host municipality*** and underlying property owner where the existing telecommunications facility is located and ***proof of mailing shall be submitted to the Council with the request.***

***Proof of mailing requires an acknowledgment from the carrier (United States Postal Service or private carrier such as UPS/FedEx) that a parcel was sent to the recipient.*** A printed shipping label without evidence that the parcel was actually mailed on a specific date is unacceptable.

Pursuant to Sections 16-50j-39a and 16-50j-90, no request shall be processed unless proof of mailing is submitted to the Council with the request.

Thank you in advance for your cooperation.
