Re: **EM-VER-040-150709 – Cellco Partnership d/b/a Verizon Wireless  
54 Floydville Road, East Granby, Connecticut**

Dear Ms. Bachman:

On August 3, 2015, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 54 Floydville Road in East Granby, Connecticut. The modifications involved the replacement of antennas and installation of remote radio heads.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the structural report attached to that filing. Attached is a Professional Engineer's Tower Modification Certification letter verifying that the installation was completed according to that structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

**Re: Tower Modification Certification**

**Project:** Verizon E. Granby 2 CT  
54 Floydville Road East, East Granby, CT

**Tower Owner:** SBA Towers  
8051 Congress Avenue, Boca Raton, FL 33487

**Engineer:** FDH Velocitel  
6521 Meridien Drive Raleigh, NC 27616

**Centek Project No.:** 16003.14

**CSC Exempt Mod Reference No.:** EM-VER-040-150709

Dear Mr. Parks,

We are providing this "Tower Modification Certification" with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by FDH Velocitel (FDH Project Number: 15BTSN1400):

- Review of the FDH's Structural Analysis dated 06/24/2015.
- Review of Verizon's East Granby 2 CT RF Sheet
- Field observations by Centek Engineering personnel on 07/26/16 of the completed modifications which determined all modifications were installed in general compliance with the recommendations of the aforementioned structural analysis report.

The Structural Analysis prepared by FDH demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Sincerely,

  
Carlo F. Centore, PE  
Principal - Structural
