Attachments: 876368_Post Installation Letter_CTL05838_08.13.2021.pdf

Good morning,

Qualtek Wireless had completed the AT&T modifications on the existing telecommunications facilities for the above referenced site, and would like to get the CSC Permit closed as soon as possible. Please see the attached Final CCA/SSI for your reference. Should your team require any additional information or documentation, please let me know. I appreciate your assistance!

Thank you,

Krystle Craft / Construction Operations Specialist / 978.846.1990 / kcraft@qualtekwireless.com

Dear Paul Pedicone,

Tower Engineering Professionals (TEP) is pleased to submit this “**Post Installation Letter**” to Crown Castle for the above referenced project. This final inspection was performed on August 12, 2021. The purpose of this inspection is to verify proper installation of AT&T’s equipment upgrades for the above referenced project, detailed in the documents listed below. This inspection is based on visual review of closeout documents and photographs provided by Crown Castle and the contractor. TEP personnel did not perform a site visit and/or tower climb as part of this inspection.

- Construction Drawings by TEP (Job No. 218229.479065, Rev 1), dated March 12, 2021.
- Structural Analysis by Crown Castle dated December 11, 2020.
- CTL05838 AT&T Final Construction Photos 2021 by General Contractor

Based on our observations, we have determined this project installation is **approved**.

If you have any questions or comments, please contact our office.

Sincerely,

Graham M. Andres, PE
Tower Engineering Professionals, Inc. (TEP)
