RE: **TS-T-MOBILE-042-180309** - T-Mobile Northeast LLC request for an order to approve tower sharing at an existing telecommunications facility located at 151 Young Street, East Hampton, Connecticut.

Dear Ms. Cornwall:

At a public meeting held June 7, 2018, the Connecticut Siting Council (Council) considered and denied the shared use of this existing tower site. According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, "no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies..."

This tower share request was submitted to the Council on March 9, 2018. Council staff reviewed this tower share request for completeness and had identified a deficiency that was depicted in a letter to Amanda Cornwall dated April 5, 2018, and recommended that Crown Castle provide a Structural Analysis Report which references the Perfect Vision round platform mount consistent with site plan sheet numbers C-4, C-8 and G-1 dated February 22, 2018 and not to exceed 100 percent of the structure's post construction rating prepared by a professional engineer duly licensed in the State of Connecticut on or before May 4, 2018. In accordance with Paragraph 49 of the FCC Declaratory Ruling issued on November 18, 2009, the Council's written notice of incompleteness had the effect of tolling the 90-day collocation timeframe.

To date, the Council is not in receipt of the requested information. Please note that if an amended tower share request is presented to the Council in the future for 151 Young Street, East Hampton, Connecticut, it will need to be submitted as a new tower share request that must follow the applicable statutory and regulatory requirements for a new tower share request.

Thank you for your attention and cooperation.

Sincerely,

Robert Stein
Chairman

RS/FOC/lm
