RE: **TS-T-MOBILE-042-180309** - T-Mobile Northeast LLC request for an order to approve tower sharing at an existing telecommunications facility located at 151 Young Street, East Hampton, Connecticut.

Dear Ms. Cornwall:

The Connecticut Siting Council (Council) is in receipt of your correspondence of March 27, 2018 submitted in response to the Council's March 20, 2018 notification of an incomplete request for tower sharing with regard to the above-referenced matter.

The submission renders the request for tower sharing complete and the Council will process the request in accordance with the Federal Communications Commission 60-day timeframe.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director

RE: **TS-T-MOBILE-042-180309**

Dear Ms. Bachman:

This letter is in response to your incomplete notice dated March 20, 2018. Please note that the microwave antenna (Commscope SHPX3-11W) is receiving only. It is for that reason it was not included in the RF Emissions Compliance Report. Please do not hesitate to contact me if you have any questions or require anything additional.

Sincerely,

Amanda Cornwall

RE: **TS-T-MOBILE-042-180309** - T-Mobile Northeast LLC request for an order to approve tower sharing at an existing telecommunications facility located at 151 Young Street, East Hampton, Connecticut.

Dear Ms. Cornwall:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on March 9, 2018.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, "no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies..."

Staff has reviewed this tower share request for completeness and has identified a deficiency in the RF Emissions Compliance Report dated March 5, 2018. The Tower Share request proposes installation of a microwave dish antenna and it is unclear if the antenna is receive only or is transmitting energy.

Therefore, the tower share request is incomplete at this time. The Council recommends that Crown Castle clarify the status of the dish antenna's function and if it is transmitting energy then a revised RF Emissions Compliance Report be submitted on or before April 10, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to April 10, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director/Staff Attorney
