RE: **EM-AT&T-043-160520** – AT&T notice of intent to modify an existing telecommunications facility located at 2 Prestige Park Road (a/k/a 310 Prestige Park Drive), East Hartford, Connecticut.

Dear Attorney Chiocchio:

The Connecticut Siting Council (Council) has received conflicting information regarding the completion of construction at this site.

The Council received a notice of completion from you dated June 14, 2019, stating that this exempt modification was completed on October 26, 2016. On June 21, 2019 and on October 18, 2019, the Council sent notification that the above-referenced exempt modification had a site-specific condition that required written confirmation to the Council that the conditions had been met. A response was not received.

Carolyn Seeley from Transcend Wireless sent the Council a notice of completion dated February 3, 2020, and the Council responded on February 18, 2020 regarding the absence of compliance with site specific conditions. In correspondence dated February 20, 2020, Ms. Seeley informed the Council that the completion letter was sent in error; and the exempt modification construction was not complete.

Please confirm the status of this exempt modification in writing on or before March 20, 2020. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 20, 2020.

Furthermore, in the event it is confirmed that construction is not complete, please note that pursuant to Conditions 7 and 8 of the Council's decision letter dated June 13, 2016 for the exempt modification request, the Council's approval of the modification **expired** on June 14, 2017 and AT&T did not submit a written request for an extension at least 60 days prior to the expiration date.

Any modifications to this facility will require explicit notice to the Council pursuant to Regulations of Connecticut State Agencies Section 16-50j-73 and a filing fee.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

RE: EM-AT&T-043-160520 – AT&T notice of intent to modify an existing telecommunications facility located at 2 Prestige Park Road (a/k/a 310 Prestige Park Drive), East Hartford, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

1. Modifications shall be made in accordance with the structural analysis report prepared by American Tower Corporation dated May 16, 2016 and stamped by Scott A. Wirgau in reference to ATC Project #63706335 dated October 19, 2015;
2. Within 45 days following completion of equipment installation, AT&T shall provide documentation certified by a Professional Engineer that the pending modifications associated with ATC Project #63706335 are complete;
3. Any deviation from the proposed modification as specified in this notice and supporting materials with the Council shall render this acknowledgement invalid;
4. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
5. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
6. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by AT&T shall be removed within 60 days of the date the antenna ceased to function;
7. The validity of this action shall expire one year from the date of this letter; and
8. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated May 19, 2016. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site by any dimension, increase noise levels at the tower site boundary by six decibels or more, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standards adopted by the Federal Communications Commission

CONNECTICUT SITING COUNCIL

pursuant to Section 704 of the Telecommunications Act of 1996 and by the state Department of Energy and Environmental Protection pursuant to Connecticut General Statutes § 22a-162. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below state and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Acting Executive Director

Re: New Cingular Wireless PCS, LLC (AT&T)
Exempt Modification Notification of Completion and/or Status

Dear Executive Director Bachman:

This letter and enclosure are respectfully submitted on behalf of our client, New Cingular Wireless PCS, LLC ("AT&T") in response to your April 11, 2019 request for notification of completion of construction for the exempt modifications listed in the enclosed spreadsheet. A column was added to the spreadsheet you forwarded, and this column includes the status of each exempt modification listed. As noted in the attached spreadsheet, a handful of exempt modifications are not yet complete with a designation of "active".

Thank you in advance for your consideration of this information.

Very truly yours,

Lucia Chiocchio

RE: **Notification of Completion Received/Additional Condition Requirement Outstanding.**

Dear Attorney Chiochio:

The Connecticut Siting (Council) is in receipt of a construction activity completion letter with an attached spreadsheet dated June 14, 2019 listing completion dates for various AT&T exempt modifications as a result of the 1st Quarter 2018 exempt modification/tower sharing audit. Thank you for providing this information.

Please note, however, that some of the exempt modifications decision letters contained site-specific conditions that require written confirmation to the Council certifying that the conditions have been met (spreadsheet attached).

To date, the Council is not in receipt of any communication that the site-specific conditions have been met. You can view the decision letters for each filing on our website at www.ct.gov/csc.

The Council hereby requests compliance on these matters no later than September 15, 2019. If additional time is needed to gather the requested information, please notify the Council in writing.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely, 1

Melanie Bachman
Executive Director

RE: **2nd Request - Notification of Completion Received/Additional Condition Requirement Outstanding.**

Dear Attorney Chiocchio:

The Connecticut Siting (Council) is in receipt of a construction activity completion letter with an attached spreadsheet dated June 14, 2019 listing completion dates for various AT&T exempt modifications as a result of the 1st Quarter 2018 exempt modification/tower sharing audit. Thank you for providing this information.

On June 21, 2019 the Council sent correspondence with an attached spreadsheet noting that some of the exempt modification decision letters contained site-specific conditions that require written confirmation to the Council certifying that the conditions have been met (spreadsheet attached).

To date, the Council is not in receipt of any communication that the site-specific conditions have been met. You can view the decision letters for each filing on our website at www.ct.gov/csc.

Please also note that exempt modifications **expire one year from their decision letter date** unless a written request for extension is submitted to the Council not less than 60 days prior to the expiration.

The Council hereby requests compliance on these matters no later than December 20, 2019. If additional time is needed to gather the requested information, please notify the Council in writing by December 20, 2019.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely,

Melanie Bachman
Executive Director

RE: EM-AT&T-043-160520 – 2 Prestige Park Road, East Hartford, CT

COMPLETION OF CONSTRUCTION ACTIVITY

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced decisions has been completed.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Very truly yours,

Carolyn Seeley

RE: **EM-AT&T-043-160520** – AT&T notice of intent to modify an existing telecommunications facility located at 2 Prestige Park Road (a/k/a 310 Prestige Park Drive), East Hartford, Connecticut.

Dear Ms. Seeley:

The Connecticut Siting Council (Council) received a notice of completion of construction for the above-referenced facility on February 10, 2020. Thank you for providing this information.

The Council approved the above referenced request for exempt modification in a Decision Letter dated June 13, 2016 (enclosed) with the following conditions:

1. Modifications shall be made in accordance with the structural analysis report prepared by American Tower Corporation dated May 16, 2016 and stamped by Scott A. Wirgau in reference to ATC Project #63706335 dated October 19, 2015;
2. Within 45 days following completion of equipment installation, AT&T shall provide documentation certified by a Professional Engineer that the pending modifications associated with ATC Project #63706335 are complete.

The completion notice does not contain documentation certified by a Professional Engineer that AT&T's installation is in compliance with the conditions referenced above.

Therefore, the completion notice is not in compliance with the conditions of approval at this time.

The Council recommends that Empire Telecom provide the above referenced documentation on or before March 20, 2020. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 20, 2020.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

Hi Evan,

This letter was sent in error. Construction is not complete as of yet. Should I send in a letter stating this?
