Final Report of Special Inspections

Project: CT11623B / 842862: T-Mobile Technology Upgrade

Location: 259 Commerce Street, East Haven, CT 06512

Owner: Crown Castle (Tower Asset Owner)

Owner's Address: 2000 Corporate Drive
Canonsburg, PA 15317

Engineer of Record: Kimley-Horn and Associates, Inc. (COA#: PEC.0000738) – Civil Design Plans

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved other than the following:

Comments: The scope of this project consisted of the removal and replacement of T-Mobile owned antennas at 47' on the existing tower structure in addition to the removal and replacement of equipment within existing ground based cabinet facilities.

Upon reviewing construction drawings by Kimley-Horn and Associates, Inc. with the installed final configuration of all antennas and equipment it is our opinion that all proposed construction activities have been installed in accordance with plans. Due to the limited scope of work, only a post installation review was performed.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,
Special Inspector

Brian J. Brewer
