RE: **Emergency Disaster Recovery Deployment** - New Cingular Wireless PCS, LLC temporary cellular communications site on town-owned property located at 161 Cosey Beach Avenue, East Haven, Connecticut.

Dear Mr. Levine:

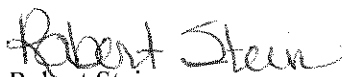

The Connecticut Siting Council (Council) hereby acknowledges your notice to construct a temporary telecommunications facility to assist in the Hurricane Irene disaster recovery efforts, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

The proposed facility is to be developed as specified here and in your notice dated September 2, 2011, and additional correspondence dated September 8, 2011. The facility is in compliance with the exception criteria in Section 16-50j-72 (d) of the Regulations of Connecticut State Agencies for temporary cellular service for events of statewide significance. This temporary facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies to be used on this tower.

This decision is under the exclusive jurisdiction of the Council. Any additional change to this temporary facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Any deviation from this format may result in the Council implementing enforcement proceedings pursuant to General Statutes § 16-50u including, without limitation, imposition of expenses resulting from such failure and of civil penalties in an amount not less than one thousand dollars per day for each day of construction or operation in material violation.

Thank you for your attention and cooperation.

Very truly yours,

Robert Stein
Chairman *RS*

RS/CDM/laf
