**RE: Notice of Withdrawal/Cancelation Needed – TS-DISH-045-220207/ DISH Wireless, LLC  
BOBBOS00076A 2 Arbor Crossing, East Lyme, Connecticut**

Dear Ms. Bachman,

This letter is respectfully submitted February 13, 2024 correspondence regarding an audit of various wireless carrier filings with the Council. With respect to the Dish tower sharing approvals listed in your correspondence, we are advised of the following status for TS-DISH-045-220207/ DISH Wireless, LLC BOBBOS00076A 2 Arbor Crossing, East Lyme, Connecticut.

Dish has opted to not proceed with construction at this location; as the costs to bring fiber communications to the compound far exceed the budget set for our build plans. Dish formally requests that our application be withdrawn/canceled. Dish did not install any equipment prior to the decision so the withdrawal is administrative only.

If Dish chooses to revisit the option at this location in the future; we will submit a new application for processing.

Sincerely,

*April Parrott*
