RE: **TS-DISH-045-220207** – Dish Wireless LLC request for an order to approve tower sharing at an existing telecommunications facility located at 2 Arbor Crossing, East Lyme, Connecticut.

Dear Ms. Masse:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on February 7, 2022.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies (RCSA), “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified a deficiency with notice. The Council issued memoranda on June 22, 2017, and July 12, 2021, to entities requesting tower shares requiring a copy of the entire notice and attachments be physically mailed to the chief elected official of the host municipality and the underlying property owner and proof of such mailing shall be submitted to the Council with the request for tower share. See attached.

Northeast Site Solutions provided mailing labels but no proof of mailing to indicate that the notice has been sent.

Therefore, the tower share request is incomplete at this time. The Council recommends that Northeast Site Solutions provide proof of proper notice of the tower share request to the Town CEO and the underlying property owner on or before March 15, 2022. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 15, 2022. **Please provide an electronic version and one hard copy of the requested information for the incomplete tower share request to be rendered complete and processed. Please include the Council’s tower share identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman

Subject: RE: 41 Padanaram Road, Danbury CT 06811 (CT11896A L1900) T-Mobile Antenna EM Application

Good afternoon.

I received a call from Robin Edwards, Corporation Counsel for the City of Danbury. She was concerned about how notice of this request was provided to the City and indicated that it appeared the request was submitted through their "311 service?" From their website, this appears to be a City Service Request Form. I snipped the link to it below for your convenience. The cover letter indicates that a copy was sent to the Mayor and the Director of Planning. Could someone please confirm that a copy of the letter was actually sent rather than submitted to the "311 service" when you have a chance?

Thanks.

TO: Telecommunications Industry Representatives

FROM: Melanie A. Bachman, Executive Director *MAB*

RE: Exempt Modification/Tower Share Filings

Pursuant to Regulations of Connecticut State Agencies § 16-50j-73 and §16-50j-88, the April 2013 *Filing Guide for Modification of Existing Telecommunications Facilities*, and the August 2013 *Tower Share Filing Guide*, notice in writing shall be provided to “the Council, the property owner of record... and the chief elected official” of the intent to modify or share an existing telecommunications facility.”

The Town of Plainfield notified the Council that an exempt modification request and a copy of the Council’s June 14, 2021 decision on the request was received by the Town without explanation on July 6, 2021 with a FedEx shipping label dated May 21, 2021. The Town was not provided written notice of the request as required by the regulations and filing guides.

On June 22, 2017, the Council informed requesting entities by memorandum that a copy of the notice and the attachments of the request for exempt modification or tower share ***shall be physically mailed to the chief elected official of the host municipality*** and underlying property owner where the existing telecommunications facility is located and ***proof of mailing shall be submitted to the Council with the request.***

Proof of mailing requires an acknowledgment from the carrier (United States Postal Service or private carrier such as UPS/FedEx) that a parcel was sent to the recipient. A printed shipping label without evidence that the parcel was actually mailed on a specific date is unacceptable.

Pursuant to Sections 16-50j-39a and 16-50j-90, no request shall be processed unless proof of mailing is submitted to the Council with the request.

Thank you in advance for your cooperation.
