## Final Report of Special Inspections

**Site Name:** *Enfield 4 CT*  
**Location Code:** *467219*  
**Fuze Id:** *2554737*  
**Project:** *PCS/850/CBRS Carrier Add*  
**Address:** *77 Town Farm Rd, Enfield, CT*  
**Owner:** *Verizon Wireless*

**Date:** *September 27, 2023*

Engineer of Record: *Derek J. Creaser, P.E.*  
*Centerline Communications, LLC.*

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved.

Representatives of Centerline Communications, LLC performed the Final Inspections after the construction of the telecommunications facility at the above-referenced address. The Final Inspection was performed on September 25, 2023.

Based on my knowledge, information, and belief the Verizon Installation substantially conforms to the approved plans, IBC 2015, 2018 CT State Building Code, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-G), and the following:

1. As-Built Drawing Redline of Prelim Drawings dated 02/09/21 by A.T. Engineering Service, PLLC.
2. Mount Analysis dated 04/24/2020 by INFINIGY.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,  
Special Inspector

Derek Creaser, P.E.
