RE: **EM-T-MOBILE-051-190723** – T-Mobile notice of intent to modify an existing telecommunications facility located at 3965 Congress Street, Fairfield, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on July 23, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report provided with the filing. The Structural Analysis Report provided is dated July 22, 2019. The Council had received a request for exempt modification from New Cingular Wireless PCS, LLC (AT&T) for the same facility on or about April 12, 2019 and acknowledged such request on May 20, 2019. The Council also received a request for exempt modification from Cellco Partnership d/b/a Verizon Wireless (Cellco) on or about June 19, 2018 and acknowledged such notice on July 9, 2018.

The above-referenced request for exempt modification does not include AT&T's or Cellco's approved equipment. Please see AT&T's exempt modification filing for this facility, which may be found on the Council's website under the Decisions page in Fairfield under the filing number EM-CING-051-190416 or by following the link: https://www.ct.gov/csc/lib/csc/ems/fairfield/congressst/att_cing/em-cing-051-190416_filing_congressst.pdf.

Cellco's exempt modification filing for this facility may also be found on the Council's website under the Decisions page in Fairfield under the filing number EM-VER-051-180620 or by following the link: https://www.ct.gov/csc/lib/csc/ems/fairfield/congressst/verizon/em-ver-051-180620_filing_congressst.pdf

Therefore, the exempt modification request is incomplete at this time. The Council recommends that T-Mobile provide an updated Structural Analysis Report for the facility that includes the approved equipment by AT&T and Cellco on or before August 30, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to August 30, 2019. **Please provide an electronic version and one hard copy of the revised structural analysis for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).
