Re: **EM-VER-051-200528 – Cellco Partnership d/b/a Verizon Wireless (“Cellco”)  
3965 Congress Street, Fairfield, Connecticut**

Dear Ms. Bachman:

On June 15, 2020, the Siting Council acknowledged receipt of Cellco’s notice of intent to modify its existing telecommunications facility at 3965 Congress Street in Fairfield, Connecticut. Cellco’s modifications involved the replacement of antennas and installation of remote radio heads on the existing tower. Construction of these modifications is now complete.

As required by the Council’s EM-VER-058-200528 approval, attached is a letter from Proterra Design Group, LLC, dated May 4, 2021, verifying that all of Cellco’s facility modifications were completed in accordance with the May 19, 2020 Mount Analysis Report.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

**Verizon Site Name: FAIRFIELD\_2\_CT**  
**Site Address: 3965 Congress Street**  
**Fairfield, CT 06824**

Mr. Tyurin:

We have reviewed the installation of the mount modifications installed for Verizon Wireless as shown in construction drawings by ProTerra Design Group, LLC dated 05/22/2020 and reference Mount Structural Analysis Report provided by ProTerra Design Group, LLC and EFI Global, Inc. dated 05/19/2020.

Based upon the information available to us, we have determined the mount modifications were installed in general conformance with the construction documents and **are found to be in substantial compliance with the record antenna mount structural analysis** for this project as submitted in the Connecticut Siting Council file EM-VER-051-200528.

Our review shall not diminish or relieve the contractor of its submittals and other responsibilities as required under the building code. We based our determination upon a site visit from ground level performed by our office after construction was complete and closeout photo documentation with tape measure dimensions provided by the contractor, D&A Construction Management of Branford, CT and Verizon Wireless.

If you have any questions or need further information, please do not hesitate to contact us at (413) 320-4918 or via email at [info@proterra-design.com](mailto:info@proterra-design.com).

Sincerely,  
ProTerra Design Group, LLC
