RE: **EM-AT&T-051-221227** – AT&T notice of intent to modify an existing telecommunications facility located at 100 Reef Road, Fairfield, Connecticut

Dear Catherine Conklin:

The Connecticut Siting Council (Council) hereby denies your request to modify the above-referenced existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

This exempt modification request was submitted to the Council on December 27, 2022. Council staff reviewed this request for completeness and had identified a deficiency that was more fully described in a notice of incompleteness letter to the requesting entity dated December 30, 2022. The Council recommended that AT&T clarify its proposed installation of an emergency backup generator and provide an electronic copy of the site plans of this request on or before January 22, 2023. To date the Council has not received the requested information.

Thus, the proposed modification is not in compliance with the exemption criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

Melanie Bachman
Executive Director
