Monopole

Dear Mr. Brodka,

B+T Group is pleased to submit this “Construction Completion Letter” regarding the above mentioned Monopole.

We reviewed the photographs of the telecommunications equipment installed on the Monopole, taken on June 25, 2020. Based on the photographs provided and the construction drawings by B+T Group dated January 10, 2020, this telecommunications site has the following antennas and associated equipment installed in three sectors on the Monopole.

- (3) New Antennas
- (3) New RRHS
- (1) New Sitepro1 PRK-1245
- Modify Antenna Mount Per MA by CLS Engineering dated 10/28/19

The quantities and types of antennas and associated equipment from the photographs are in compliance, therefore, it is our opinion that the antennas and associated equipment were properly installed.

We at B+T Group appreciate the opportunity of providing our continuing professional services to you and Crown Castle. If you have any questions or need further assistance on this or any other projects, please give us a call.

Construction Control Inspection Letter prepared by: Sam Cody

Respectfully submitted by: B+T Engineering, Inc. (COA PEC.0001564 Exp. 2/10/21)
