Re: **EM-VER-054-120614 – Cellco Partnership d/b/a Verizon Wireless
484 Birch Mountain Road, Glastonbury, Connecticut**

Dear Mr. Martin:

On July 9, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 484 Birch Mountain Road in Glastonbury, Connecticut. The modification involved the replacement of certain antennas and the installation of additional coax cables.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that this condition has been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,

Kenneth C. Baldwin

Re: Existing Telecommunications Facility Tower Modification Certification Letter

Project: *Verizon ~ Glastonbury*
484 Birch Mountain Road
Glastonbury, CT

Contractor: *Northeast Towers*
199 Brickyard Road
Farmington, CT 06032

Engineer: *URS Corporation*
500 Enterprise Drive Suite 3B Rocky Hill, CT 06067

Centek Project No.: 12005.CO21

Dear Mr. Gauger,

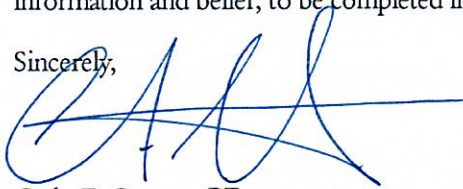

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the design documents prepared by URS Corporation:

- ☐ Review of the URS structural analysis dated 4/16/2012.
- ☐ Review of URS project number 36922266 drawing SK-1 dated 11/02/2012 revision 1.
- ☐ Field observations by Centek personnel of reinforcement installation on 10/18/2012 which determined all reinforcements were installed according to the structural analysis prepared by URS dated 4/16/2012.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE
Principal ~ Structural Engineer
