RE: **TS-CING-054-190501** – New Cingular Wireless PCS, LLC (AT&T) request for an order to approve tower sharing at an existing telecommunications facility located at 63 Woodland Street, Glastonbury, Connecticut.

Dear Ms. Chiocchio:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on May 1, 2019.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified a deficiency in the Rigorous Structural Analysis Report (SA) prepared by Morrison Hershfield and dated February 22, 2019. The SA is stamped but not signed by a Professional Engineer registered in the State of Connecticut.

Also, the above referenced tower share request lacks proof that the entire request was physically mailed to the underlying property owner, the chief elected official of the host municipality and the respective Planning and Zoning Department.

Therefore, the tower share request is incomplete at this time. The Council recommends that Cuddy & Feder provide a SA that is stamped and signed by a Professional Engineer registered in the State of Connecticut and proof of proper notice of this tower share request to the underlying property owner, the chief elected official of the host municipality and the respective Planning and Zoning Department, on or before May 31, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 31, 2019. **Please provide an electronic version and fifteen hard copies of the response for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
