Re: **EM-VER-056-120319 – Cellco Partnership d/b/a Verizon Wireless**
150 Lost Acres Road, Granby, Connecticut

Dear Mr. Martin:

On April 4, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its telecommunications facility at 150 Lost Acres Road in Granby. The modification involved the replacement of certain antennas; the installation of coax cable diplexers and utilization of existing coax lines.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that these conditions have been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,
