RE: Springwich Cellular Limited Partnership notice of intent to modify an existing telecommunications tower and associated equipment located on Butternut Hollow Road in Greenwich, Connecticut.

Dear Mr. Tyrrell:

At a meeting held February 10, 1994, the Connecticut Siting Council (Council) acknowledged your notice of an exempt modification at an existing tower site located on Butternut Hollow Road in Greenwich, Connecticut, pursuant to section 16-50j-73 of the Regulations of State Agencies (RSA).

The proposed modification is to be implemented as specified in your notice dated January 4, 1994, additional information dated January 12, 1994, and January 27, 1994. The modification is in compliance with the exception criteria in RSA section 16-50j-72(b) as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site, increase noise levels at the tower site boundary by 6 decibels, and increase the total radio frequency electromagnetic radiation power density measured at the tower site boundary to or above the standard adopted by the State Department of Environmental Protection pursuant to Section 22a-162 of the Connecticut General Statutes.

The Council is pleased to note that the shared use of an existing tower serves the Council's long-term goal of protecting the public interest and avoiding proliferation of additional unnecessary tower structures.

Please notify the Council when all work is complete.

Very truly yours,

  
Mortimer A. Gelston  
Chairman
