Re: **EM-VER-057-100601– Cellco Partnership d/b/a Verizon Wireless
411 West Putnam Avenue, Greenwich, Connecticut**

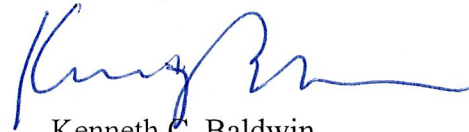

Dear Mr. Martin:

On June 22, 2010, the Siting Council acknowledged receipt of Cellco’s notice of intent to modify the above-referenced telecommunications facility. This modification involved the replacement of six of Cellco’s existing antennas with six newer model antennas.

As a condition of this acknowledgement, Cellco was required to provide the Council with a signed letter from a Professional Engineer certifying that the tower modifications were completed in accordance with the structural report filed with our Exempt Modification filing. Attached is a Tower Modification Certification Letter verifying this fact.

If you have any questions regarding any of these materials, please do not hesitate to contact me or Rachel Mayo.

Sincerely,

Kenneth C. Baldwin

Re: Existing Telecommunications Tower Modification Certification Letter

Project: Verizon ~ Greenwich SW
411 West Putnam Ave
Greenwich, Connecticut

Engineer: Centek Engineering
63-2 North Branford Road Branford, CT 06405

Contractor: Brois Construction
253 Main Avenue Norwalk, CT 06851

Centek Project No.: 10179.CO9

Dear Mr. Gauger,

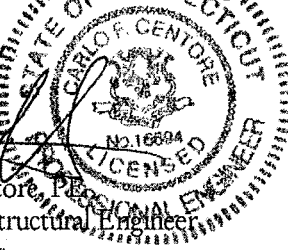

We are providing this "Existing Telecommunications Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the design documents prepared by Centek Engineering:

- Review of the structural letter prepared by Centek Engineering (formally Natcomm) dated 2/18/2010.
- Review of the design exhibit prepared by Centek Engineering (formally Natcomm) dated 2/24/2010.
- Field observations by Centek personnel of antenna installation on 5/2/2011 confirming compliance with the above referenced documents.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, P.E.
Principal ~ Structural Engineer
