Subject: Re: TS-DISH-058B-220622 - Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 31 Yurechko Drive, Griswold, Connecticut.

Ms. Bachman

Please see enclosed Notice of Completion – TS-DISH-058B-220622 - Dish Wireless, LLC request for an order to approve tower sharing at an existing telecommunications facility located at 31 Yurechko Drive, Griswold, Connecticut.. (Dish ID BOBOS01001A)

Please note that I have also included a Final Construction Control Affidavit from the Engineer of record to settle the outstanding condition cited by the counsel in the attached letter Dated April 2024.

Thank You,

April

Final Report of Special Inspections

Project: BOBOS01001A (BU 842863)

Location: 31 Yurechko Drive Jewett City, CT 06351

Owner: Dish Wireless, L.L.C

Engineer of Record: Daniel P. Hamm, P.E.

Tower Engineering Professionals, LLC (TEP OPCO, LLC)

To the best of my information, knowledge and belief, the Special Inspections required by Chapter 17 for the project have been performed and all discovered discrepancies have been reported and resolved.

Representatives of TEP Northeast did not perform the Final Inspections after the construction of the telecommunications facility at the above-referenced address.

Based on my knowledge, information and belief the wireless installation substantially conforms to the approved plans, IBC 2015 with 2018 CT State Building Code Amendments, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-H), and the following:

1. Final Construction Drawings dated 06/09/2022, prepared by Hudson Design Group LLC, entitled "BOBOS01001A"
2. Final Structural Analysis entitled "Equipment Cabinets on Platform at Ground Level" dated 09-20-2023, prepared by TEP Northeast (TEP OPCO, LLC).

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications. This report does not include inspections for the findings of the global stability analysis and modifications to the structure. Those modification inspections, if required, are strictly the responsibility of the tower owner & general contractor performing such design and installation.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,
Special Inspector

Daniel P. Hamm, P.E.
