RE: AT&T-Exempt Modification – EM-AT&T-059T-171129

Dear Ms. Bachman:

This letter is to confirm that all construction activity has been completed. There were no deviations or material changes to the proposed installation. Pursuant to the Connecticut Siting Council 12/26/2017 approval of **EM-AT&T-059T-171129**, this letter is to satisfy item numbers one, two and five of the CSC decision.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Barbadora'.

RE: **EM-AT&T-059T-171129** – AT&T notice of intent to modify an existing telecommunications facility located at 75 Roberts Road, Groton, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

1. The proposed modifications shall be installed in accordance with the drawings in Appendix D of the Structural Analysis Report prepared by B+T Group dated August 31, 2017 and stamped by Chad Tuttle;
2. Within 45 days following completion of equipment installation, AT&T shall provide documentation certified by a Professional Engineer that its installation complied with the recommendations presented in the Structural Analysis Report;
3. Any deviation from the proposed modification as specified in this notice and supporting materials with the Council shall render this acknowledgement invalid;
4. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
5. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
6. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by AT&T shall be removed within 60 days of the date the antenna ceased to function;
7. The validity of this action shall expire one year from the date of this letter; and
8. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated November 20, 2017, and additional information submitted on December 12, 2017. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site by any dimension, increase noise levels at the tower site boundary by six decibels or more, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standards adopted by the Federal Communications Commission pursuant to Section 704 of the

Environmental Protection pursuant to Connecticut General Statutes § 22a-162. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below state and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman

 144.5 Foot – Monopole Tower

Engineered Tower Solutions, PLLC. is pleased to submit this “**Modification Inspection Report**” (MI Report) to Crown Castle for the modification/reinforcement to the subject structure. This Modification Inspection (MI) was performed in accordance with Crown Castle ENG-SOW-10007 Modification Inspection SOW, Contract Documents, and Crown Castle Purchase Order number 1097957. The purpose of this MI is to confirm that the modification installation configuration and workmanship are in accordance with the contract document(s) listed in Table 2. The MI is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Based on our inspection, *Engineered Tower Solutions, PLLC.* determines this project:

PASSING MI

The configuration, materials and/or workmanship of the modifications are installed in accordance with the Contract Documents and no deficiencies were found.

PASS AS NOTED MI

The configuration, materials and/or workmanship of the modifications are accepted as noted (see detail below).

FAILED MI

The configuration, materials and/or workmanship of the modifications are NOT installed in accordance with the Contract Documents. The rejection is based on non-conformance in the following area(s):

- Materials (see detail below)
- Workmanship (see detail below)
- Configuration (see detail below)

We at *Engineered Tower Solutions, PLLC.* appreciate the opportunity of providing our continuing professional services to you and Crown Castle. If you have any questions or need further assistance on this or any other projects please give us a call.

Respectfully submitted,

Construction Complete Verification Letter

Contractor Company Name: SLU

Crown BU#: 811533

Crown Application #: 374247

Construction Start Date: 2/5/2018

Construction Complete Date: 2/16/2018

This letter is to verify the SOW for the above referenced site was completed within the dates noted above and submitted to Crown Castle within 48 hours of completion date. A time stamped winner photo of the structure on the last day of construction must be attached to or included with this form. This form will not be accepted without this photo. If you have any questions or need further information please contact the Project Manager or Construction Manager listed on your NTP.

RE: 2nd Request - Notification of Completion Received/Additional Condition Requirement Outstanding.

Dear Attorney Chiocchio:

The Connecticut Siting (Council) is in receipt of a construction activity completion letter with an attached spreadsheet dated June 14, 2019 listing completion dates for various AT&T exempt modifications as a result of the 1st Quarter 2018 exempt modification/tower sharing audit. Thank you for providing this information.

On June 21, 2019 the Council sent correspondence with an attached spreadsheet noting that some of the exempt modification decision letters contained site-specific conditions that require written confirmation to the Council certifying that the conditions have been met (spreadsheet attached).

To date, the Council is not in receipt of any communication that the site-specific conditions have been met. You can view the decision letters for each filing on our website at www.ct.gov/csc.

Please also note that exempt modifications expire one year from their decision letter date unless a written request for extension is submitted to the Council not less than 60 days prior to the expiration.

The Council hereby requests compliance on these matters no later than December 20, 2019. If additional time is needed to gather the requested information, please notify the Council in writing by December 20, 2019.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely,
