Re: **EM-VER-059T-170313 – Cellco Partnership d/b/a Verizon Wireless
75 Roberts Road, Groton, Connecticut**

Dear Ms. Bachman:

On April 3, 2017, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 75 Roberts Road in Groton, Connecticut. Cellco's modifications involved the replacement of antennas and remote radio heads.

As a condition of its approval, Cellco was required to provide the Council documentation from a Professional Engineer that the installation complied with the recommendations in the Tower Modification drawing attached to the exempt modification filing. Attached is a Professional Engineer's letter verifying that the installation was completed in accordance with the Council's approval.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: Notice of Completion

Project: Verizon Groton 5 CT
75 Roberts Road, Groton CT 06430

Engineer: Jimmy Chendana
Nexius Solution Inc.
7 A Lyberty Way
Westford, MA 01886

CSC Exempt Mod Reference No.: EM-VER-059T-170313

Dear Mr. Parks,

Nexius Solutions Inc. is providing this "Notice of Completion" regard to the wireless telecommunications facility installation at the above referenced project.

The following are the basis for substantiating compliance with the Construction Drawings prepared by Nexius Solutions Inc.:

- Installation complies with the Tower Modification drawings prepared by B+T Group dated February 21, 2017.
- Review of Tower Engineering Professionals, Modification Inspection Report (project #76625.68409) dated October 18, 2017.
- Field Observations by Nexius Solutions Inc. personnel on October 30, 2018 of the completed installation which was installed in general compliance with the aforementioned Modification Inspection Report.

The mount analysis prepared by Nexius Solutions Inc., demonstrates the existing mounting apparatus will not exceed 100 percent of the proposed loading change. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

NEXIUS
