Re: MetroPCS Notice of Exempt Modification  
237 Sandy Hollow Road, Groton, Connecticut

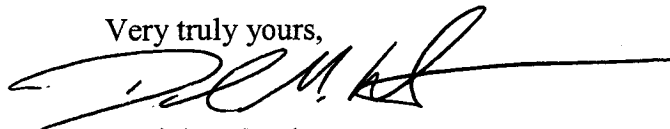

Dear Ms. Roberts:

On behalf of our client, MetroPCS, we have been advised by staff that the Siting Council requires that the captioned Exempt Modification be treated instead as a Tower Share. We have no objection to converting our submission to a Tower Share application and would ask that it be so considered and placed on the Siting Council's next available agenda.

I trust that the materials included in our original exempt modification filing for the existing tower facility referenced along with a check in the amount of \$625 are sufficient for the Tower Share application. Should you or staff have any questions or need anything further please do not hesitate to contact me.

Thank you once again for your consideration in this matter.

Very truly yours,

Daniel M. Laub
