Dear Mr Smith,

B+T Group is pleased to submit this “Construction Completion Letter” regarding the above mentioned Monopole.

We reviewed the photographs of the telecommunications equipment installed on the Monopole, taken on June 3, 2020. Based on the photographs provided and the construction drawings by B+T Group dated July 23, 2019, this telecommunications site has the following antennas and associated equipment installed in three sectors on the Monopole.

- (6) New Antennas
- (1) New RBS 6102 Cabinet
- (2) New BB 6630
- (3) New RRHS
- (2) New Concrete Pad
- (2) New Hybrid Cables

The quantities and types of antennas and associated equipment from the photographs are in compliance, therefore, it is our opinion that the antennas and associated equipment were properly installed.

We at B+T Group appreciate the opportunity of providing our continuing professional services to you and Crown Castle. If you have any questions or need further assistance on this or any other projects, please give us a call.
