RE: **TS-DISH-061-210920** - Dish Wireless LLC request for an order to approve tower sharing at an existing telecommunications facility located at 539 Plains Road, Haddam, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on September 20, 2021. On October 18, 2021, the Council issued a letter stating that the tower share request was incomplete because the tracking numbers shown on the receipt of mailing do not match the click-n-ship labels provided with the request and the Structural Analysis (SA) prepared by Crown Castle dated April 22, 2021 is stamped but not signed by a Professional Engineer licensed in the State of Connecticut. The Council recommended that Northeast Site Solutions provide proof of proper notice of this tower share request to the Chief Elected Official and underlying property owner for the facility and a Structural Analysis that is signed and stamped by a Professional Engineer licensed in the State of Connecticut, on or before November 19, 2021.

On October 27, 2021, the Council received an electronic mail with scanned copies of delivery receipts, a receipt of mailing, a copy of the incomplete notice and a copy of the request. However, the SA provided is still not signed by a Professional Engineer licensed in the State of Connecticut as recommended in the incomplete request.

Therefore, the tower share request remains incomplete at this time. The Council recommends that Northeast Site Solutions provide a Structural Analysis that is signed and stamped by a Professional Engineer licensed in the State of Connecticut, on or before December 6, 2021. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 6, 2021. **Please provide an electronic version and one hard copy of the requested information for the incomplete tower share request to be rendered complete and processed. Please include the Council's tower share identification number referenced above with the submittal**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director
