Notice of Compliance with Conditions and Construction Completion**

Dear Attorney Bachman:

The Connecticut Siting Council ("Council") acknowledged the above referenced T-Mobile Northeast LLC ("T-Mobile") notice of exempt modification on June 27, 2013.

The Council imposed the following condition in its acknowledgment:

- The proposed coax lines and accessory equipment shall be installed in accordance with the recommendation made in the Structural Analysis Report prepared by FDH Engineering dated April 30, 2013 and stamped by Christopher Murphy;
- Within 45 days following completion of the antenna installation, T-Mobile shall provide documentation certified by a professional engineer that its installation complied with the recommendation of the structural analysis.

T-Mobile has complied with each of these conditions as evidenced by the PE Close Out Letter, dated August 25, 2014, attached hereto.

In addition, T-Mobile hereby notifies the Council that construction of the acknowledged modifications were complete as of April 9, 2014.

Please don't hesitate to contact me with any questions.

RE: PE Close Out Letter  
EM-T-MOBILE-062-130528 / T-Mobile Site ID #CT11611B

Mr. Simons:

Advanced Engineering Group, P.C. has completed its post-construction review of the above-referenced site to determine whether T-Mobile complied with conditions imposed by the Connecticut Siting Council's (the "Council") acknowledgment letter, dated 6/27/13 ("the Acknowledgment Letter"). Our compliance review included the following: the Acknowledgment Letter, the approved tower Structural Analysis report by FDH dated 4/30/13 (the "Structural Analysis"), and the approved design plans by this office entitled "CT11611B, Hamden Rt. 177", Rev 1, dated 5/3/13.

On behalf of Advanced Engineering Group, P.C., based on my review of the information, I, Marc Chretien, licensed professional engineer number 28307, certify that to the best of my knowledge, T-Mobile's work complied with the recommendations of the approved Structural Analysis. Specifically, as required by the Acknowledgment Letter, T-Mobile's work complied with the following structural conditions imposed by the Council:

- The coax lines and accessory equipment shall be installed in accordance with the recommendations made in the Structural Analysis Report prepared by FDH Engineering dated, April 30, 2013 and stamped by Christopher Murphy.

Should you have any questions regarding the foregoing review, please contact me directly at 401-354-2403 or email to [mchretien@aegpc.net](mailto:mchretien@aegpc.net).

Very truly yours

A handwritten signature in black ink, appearing to read 'M. R. Chretien', written over a light blue horizontal line.

Marc R. Chretien, P.E.  
Advanced Engineering Group, P.C.
