**RE: Commencement of Construction Activity – EM-T-MOBILE-062-190723  
150 Willow Street, Cheshire, CT 06410**

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that the construction activity associated with the above-referenced T-Mobile telecommunications facilities has been completed.

If you have any questions or need any additional information regarding these facilities, please do not hesitate to contact me.

Respectfully,

Cullen Morgan

**Wireless Telecommunications Facility**

Dear Jeff York,

I, Chad Tuttle, P.E., a registered professional engineer in the state of Connecticut with Registration No. 23924, have examined site photographs provided by the client, as of April 1, 2021, for the Wireless Telecommunications Facility referenced above. Based on the photographs provided; As Built drawings certified by R. Siegel of Eastern Communications, Inc., dated April 1, 2021; and the construction drawings by B+T Group dated July 19, 2019; I hereby certify that to the best of my knowledge, information, and belief all constructed improvements are in substantial compliance with the permitted construction drawings approved by the Town of Hamden (last revised July 19, 2019) and that said improvements meet the intent of the applicable Codes listed on said drawings (e.g., 2018 CT SBC and NEC 2017).

Furthermore, it is hereby noted that, at the direction of the Client, the Contractor deviated from the approved construction drawings with the installation of differing antenna and radio models and cabling. Also, a PTS-8003 cabinet was installed on the existing equipment pad. Additionally, at the direction of MTS Engineering, P.L.L.C., the Contractor deviated from the approved Mount Modifications.

In my professional opinion, all deviations from the drawings and specifications are minor in nature and will not prevent the project from functioning in compliance with the requirements of the Town of Hamden and other applicable regulatory agencies and Codes as listed in the drawings.

Should you have any questions or require any additional information, please do not hesitate to contact our office. Thank you.

Engineer’s Certification of Completion prepared by: Bthree Barrett

Respectfully submitted by: MTS Engineering P.L.L.C.

Chad Tuttle, P.E.  
Engineer of Record
