Re: **EM-VER-062-121114 – Cellco Partnership, Inc. Wireless**
1055 Wintergreen Avenue, Hamden, Connecticut

**CONNECTICUT
SITING COUNCIL**

Dear Mr. Martin:

On December 3, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing Hamden telecommunications facility at 1055 Wintergreen Avenue in Hamden, Connecticut. The modification involved the replacement of certain antennas and the installation coaxial cable diplexers.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that this condition has been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,

Kenneth C. Baldwin

Re: Existing Telecommunications Facility Tower Modification Certification Letter

Project: Verizon ~ Hamden
1105 Wintergreen Avenue
Hamden, CT

Tower Owner: Henry Zachs- West Rock LLC
1105 Wintergreen Avenue
Hamden, CT

Engineer: Centek Engineering
63-2 North Branford Road, Branford, CT 06405

Centek Project No.: 13008.010

Dear Mr. Gauger,

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by this office (Centek Engineering Project Number: 12001.CO80):

- ☐ Review of the Centek Engineering Structural Analysis dated 11/05/2012 Rev-0.
- ☐ Review of the Centek Engineering Modification Drawings N-1 thru N-4, G-1, G-2 and S-1 thru S-3, dated 11/05/2012 Rev-0.
- ☐ Review of the Centek Engineering Final Report of Special Inspections dated 08/08/2013.
- ☐ Field observations by Centek Engineering personnel on 08/05/2013 of the completed modifications.

With the completed modifications, the tower and foundation do not exceed 100 percent of their post-construction structural rating.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE
Principal ~ Structural Engineer
