Wireless Telecommunications Facility

Dear Robert Brodka,

I, Chad Tuttle, P.E., a registered professional engineer in the state of Connecticut with Registration No. 23924, have examined site photographs provided by the client, dated January 17, 2023, for the Wireless Telecommunications Facility referenced above. Based on the photographs provided; As Built drawings certified by Bobby Clark of KMM Telecommunications Corp., dated January 24, 2023; and the construction drawings by B+T Group dated September 27, 2021; I hereby certify that to the best of my knowledge, information, and belief all constructed improvements are in substantial compliance with the permitted construction plans approved by the City of Hartford (last revised September 27, 2021) and that said improvements meet the intent of the applicable Codes listed on said plans (e.g. 2015 IBC and NEC 2017).

In my professional opinion, any minor deviations from the plans and specifications will not prevent the project from functioning in compliance with the requirements of the City of Hartford and other applicable regulatory agencies listed in the plans.

Should you have any questions or require any additional information, please do not hesitate to contact our office. Thank you.

Engineer’s Certification of Completion prepared by: Bhree Barrett

Respectfully submitted by: MTS Engineering P.L.L.C.

Chad Tuttle, P.E.
Engineer of Record
