RE: **EM-AT&T-064-220630** – AT&T notice of intent to modify an existing telecommunications facility located at 92 Weston Street, Hartford, Connecticut.

Dear Ersilia Davis:

The Connecticut Siting Council (Council) is in receipt of your correspondence of October 6, 2022 submitted in response to the Council's September 8, 2022 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The submission renders the request for exempt modification complete and the Council will process the request in accordance with the Federal Communications Commission 60-day timeframe.

Thank you for your attention and cooperation.

Sincerely,

Melanie Bachman
Executive Director

Subject: RE: Council 2nd Incomplete Letter for EM-AT&T-064-220630 (92 Weston Street, Hartford)

Good afternoon Ms. Fontaine,

Attached is a copy of DISH's cancellation at this location

Please advise if CSC can proceed with review using the RF Report dated 8/11/2022 or if additional information is required.

Thank you

Ersilia Davis

RE: TS-DISH-064-22016 92 Weston Street, Hartford CT
BOBDL00079A CCI – T-876325
Hearing February 24, 2022

Dear Ms. Fontaine:

This letter serves as notice to the Connecticut Siting Council that the cell site located at 92 Weston Street, Hartford CT is no longer part of DISH's network plan. As such, we will be withdrawing our application that was approved on February 24, 2022.

Please let me know if there is anything else that is needed, or if this letter will suffice.

Thank you,

A handwritten signature in blue ink that reads "Jeanne Cottrell". The signature is written in a cursive, flowing style.

Jeanne Cottrell
Sr. Site Development Manager

RE: TS-DISH-064-220126 - Dish Wireless LLC request for an order to approve tower sharing at an existing telecommunications facility located at 92 Weston Street, Hartford, Connecticut.

Dear Ms. Sabo:

At a public meeting held on February 24, 2022, the Connecticut Siting Council (Council) ruled that the shared use of this existing tower site is technically, legally, environmentally, and economically feasible and meets public safety concerns, and therefore, in compliance with General Statutes § 16-50aa, the Council has ordered the shared use of this facility to avoid the unnecessary proliferation of tower structures with the following conditions:

1. Approval of any changes be delegated to Council staff;
2. Any deviation from the proposed installation as specified in the original tower share request and supporting materials with the Council shall render this decision invalid;
3. Any material changes to the proposed installation as specified in the original tower share request and supporting materials filed with the Council shall require an explicit request for modification to the Council pursuant to Connecticut General Statutes § 16-50aa, including all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65;
4. The Council shall be notified in writing at least two weeks prior to the commencement of site construction activities;
5. Not less than 45 days after completion of the proposed installation, the Council shall be notified in writing that the installation has been completed;
6. Deployment of any 5G services must comply with FCC and FAA guidance relative to air navigation, as applicable;
7. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by Dish shall be removed within 60 days of the date the antenna ceased to function;
8. The validity of this action shall expire one year from the date of this letter; and

4:30pm/General/standard/initials_sabo2022/06.doc

9. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

This decision is under the exclusive jurisdiction of the Council and applies only to this request for tower sharing dated January 17, 2022. This facility has been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on this tower. Any deviation from the approved tower sharing request is enforceable under the provisions of Connecticut General Statutes § 16-50u.

The proposed shared use is to be implemented as specified in your letter dated January 17, 2022, including the placement of all necessary equipment and shelters within the tower compound.

Please be advised that the validity of this action shall expire one year from the date of this letter.

Thank you for your attention and cooperation.

Sincerely,

Melanie Bachman
Executive Director
