RE: **TS-T-MOBILE-068-161118** - T-Mobile request for an order to approve tower sharing at an existing telecommunications facility located at 38 Maple Street, Kent, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received a tower share request for the above-referenced facility on November 18, 2016.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, "no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies..."

Staff has reviewed this tower share request for completeness and has identified a deficiency in the structural analysis report provided with the filing due to the lack of a stamp and signature from a Professional Engineer duly licensed in the State of Connecticut.

Therefore, the tower share request is incomplete at this time. The Council recommends that Northeast Site Solutions provide a structural analysis report with a stamp and signature from a Professional Engineer duly licensed in the State of Connecticut on or before December 12, 2016. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 12, 2016.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Acting Executive Director
