RE: **EM-VER-069-210902** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 1375 North Road, Killingly, Connecticut.

Dear Mr. Coleman:

The Connecticut Siting Council (Council) hereby denies your request to modify the above-referenced existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

This exempt modification request was submitted to the Council on September 2, 2021. Council staff reviewed this request for completeness and had identified deficiencies that were more fully described in a notice of incompleteness letter to the requesting entity dated October 18, 2021 and recommended that Centerline Communications provide proof of proper notice of this exempt modification request to the Chief Elected Official and underlying property owner of the facility; and provide documentation showing the original facility approval with conditions, if any, or correspondence with the municipality stating that there are no records of the original facility approval on or before November 18, 2021. To date the Council has not received the requested information.

Thus, the proposed modification is not in compliance with the exemption criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

A handwritten signature in black ink, appearing to read "Melanie Bachman".
