RE: **EM-SPRINT-069-180607** - Sprint Spectrum Realty Company, L.P. notice of intent to modify an existing telecommunications facility located at 79 Putnam Pike, Killingly, Connecticut.

Dear Mr. Perkowski:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 7, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the filing between the Structural Analysis Report dated May 4, 2018 and the Site Plans Sheet Number A-2 note with a Structural Analysis Report dated April 22, 2018.

The above referenced request for exempt modification filing has Structural Analysis Report dates that do not match.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Airosmith Development Inc. provide an updated Site Plan Sheet A-2 referencing the proper dates to the current Structural Analysis Report on or before June 27, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 27, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
