RE: EM-EVER-072-170413e – Gales Ferry Emergency Generators - Ledyard  
Notice of Completion

Dear Ms. Bachman:

The Connecticut Light and Power Company ("CL&P") doing business as Eversource Energy ("Eversource") received acknowledgement from the Connecticut Siting Council ("Council") on May 1, 2017 that Eversource's proposed modification of the Gales Ferry Substation would comply with the exempt modification criteria in Section 16-50j-57 of the Regulations of Connecticut State Agencies. The Council included conditions regarding the work undertaken pursuant to modification. Eversource submits this letter to provide notice that Eversource has complied with the Council's conditions as follows:

- Written notification to the Council not less than 45 days after construction has been completed. Eversource completed construction on June 2, 2017; this letter provides notice of completion of this modification.
- There were no material changes or other deviations to this modification.

Enclosed are this original and two (2) copies of this Notice of Completion.

If you have any questions or comments, please call me at (860) 728-4527.

Sincerely,
