RE: **EM-SPRINT-073-180321** - Sprint notice of intent to modify an existing telecommunications facility located at 26 Mell Road, Lisbon, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) is in receipt of your correspondence of March 30, 2018 submitted in response to the Council's March 29, 2018 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The submission of the Antenna Mount Structural Analysis partially satisfies the Council's request. A Structural Analysis Report which references a platform reinforcement kit is still necessary to make the exemption modification request complete. The Council recommends that SBA provide an updated structural analysis report referencing the platform reinforcement kit on or before May 4, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 4, 2018.

This second notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director
