RE: **EM-VER-075-220714** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 333 Grassy Hill Road, Lyme, Connecticut.

Dear John Coleman:

The Connecticut Siting Council (Council) hereby denies your request to modify the above-referenced existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

This exempt modification request was submitted to the Council on July 14, 2022. Council staff reviewed this request for completeness and had identified a deficiency that was more fully described in a notice of incompleteness letter to the requesting entity dated August 12, 2022 and recommended that Verizon provide proof of proper notice of the exempt modification request to the Town of Lyme CEO and an updated Structural Analysis Report for the facility that includes proposed and approved equipment by Verizon and other entities that are located at this facility on or before September 9, 2022. On September 14, 2022, the Council granted an additional 30-day extension of time, to October 14, 2022, to submit the requested information. To date the Council has not received the requested information.

Thus, the proposed modification is not in compliance with the exemption criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melanie Bachman".

Melanie Bachman
Executive Director

MAB/MP

c: The Honorable David Lahm, First Selectperson, Town of Lyme (selectman@townlyme.org)
