Re: **EM-VER-076-220506 – Cellco Partnership d/b/a Verizon Wireless
Telecommunications Facility, 864 Opening Hill Road, Madison, Connecticut**

Completion of Construction

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced facility modification has been completed.

As required by the Council's approval, attached is a letter from On Air Engineering, LLC dated December 23, 2022, verifying that the facility modifications were completed in accordance with the January 11, 2022 Mount Analysis Report by Master Consulting.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Re: Verizon Site Name: Madison CT
ANTMO MT6407-850-LTE-PCS - Engineering Letter of Compliance
North Madison Vol. Fire Co.; 864 Opening Hill Rd., Madison, CT

Dear Walter:

We are providing this letter of compliance with regard to the above referenced project. The following are the basis for substantiating compliance with this modification:

- Construction Drawings by On Air Engineering dated 12-29-21 V2
- Structural Analysis by Paul J. Ford & Company dated 01-13-22
- Mount Analysis Report by Maser Consulting dated 01-11-22
- Field observations by On Air Engineering, LLC personnel on 12-19-22
- Post-construction photos provided by the General Contractor

Verizon's facility modification is described in detail within the above referenced Construction Drawings as it pertains to Verizon antenna, RRH, OVP and cabling upgrades. Our office also reviewed the structural mounting pipe upgrades specified in that analysis. The drawings called for the replacement of existing Verizon hybrid cables and Raycap OVP's, however, Verizon opted to leave those elements in place. Our office takes no exception to this decision.

The work under this contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the referenced documents and in conformance with the building permit issued for this work. Please feel free to contact our office if you have any questions.

Very truly yours,

David A. Weinpahl, P.E.
