RE: **EM-AT&T-077-230109** - AT&T notice of intent to modify an existing telecommunications facility located at 52 East Center Road, Manchester, Connecticut.

Dear Allison Conwell:

The Connecticut Siting Council (Council) is in receipt of your email of February 9, 2023 requesting an extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated January 23, 2023.

The Council hereby grants an extension of time to submit the required documentation by March 14, 2023.

Thank you for your attention to this matter.

Sincerely,

Melanie Bachman
Executive Director

Subject: RE: Council Incomplete Letter for EM-AT&T-077-230109 (East Center Road) // CT1070

Hi Lisa,

We need an extension on the request for revised documentation. I reviewed the letter and it said to provide written documentation of the request for an extension. Is there anything else you need from me in order to process the request?

RE: **EM-AT&T-077-230109** - AT&T notice of intent to modify an existing telecommunications facility located at 52 East Center Road, Manchester, Connecticut.

Dear Allison Conwell:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on January 9, 2023

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. Construction Drawings (CD) dated September 1, 2022 and the Mount Analysis (MA) dated May 25, 2022, cite the 2018 Connecticut State Building Code (CSBC); however, the State of Connecticut has adopted the 2022 Connecticut State Building Code effective October 1, 2022.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that AT&T provide updated CDs and an MA that comports with the current 2022 CSBC on or before February 14, 2023. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to February 14, 2023. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,
