RE: Notice of Additional Information
T-Mobile Northeast LLC - CTHA836A - Eversource Tower Replacement
Latitude: 41.743106
Longitude: -72.534928

Dear Ms. Bachman:

Transcend Wireless submitted a Tower Share filing for the existing cell site at 585 Keeney Street in Manchester on January 28th, 2022. The application referenced petition number 713 as the original approval for this Connecticut Light and Power tower. We would like to include an additional sub-petition that references the removal and replacement of the existing tower on Keeney Street. Sub-Petition Number 1293 (MGHACL-02) from July 27, 2021 has been attached to this. We feel that the original petition and the additional sub-petition meet the requirements of including the original facility approval letter.

With any questions, please feel free to contact me via email or phone call at the below address.

Sincerely,

Eric Breun
Transcend Wireless

RE: **SUB-PETITION NO. 1293- MGHACL -02 (Manchester, Glastonbury, Hebron, Andover, Columbia and Lebanon)**– Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for all transmission facility asset condition maintenance improvements statewide to comply with the updated National Electrical Safety Code clearance requirements.

Dear Ms. Shanley:

The Connecticut Siting Council (Council) hereby acknowledges your notice to replace 33 transmission structures at various locations along Eversource transmission line right-of-way in the towns of Manchester, Glastonbury, Hebron, Andover, Columbia and Lebanon pursuant to National Electrical Safety Code standards, with the following conditions:

1. Any deviation from the proposed transmission line maintenance activity as specified in this notice and supporting materials filed with the Council shall render this acknowledgement invalid;
2. Any material changes to this transmission line maintenance activity as proposed shall require the filing of a new notice with the Council;
3. Not less than 45 days after completion of the transmission line maintenance activity, the Council shall be notified in writing that construction has been completed;
4. The validity of this action shall expire one year from the date of this letter; and
5. The petitioner may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed transmission line maintenance activities are to be implemented as specified here and in your notice dated June 25, 2021. This decision is under the exclusive jurisdiction of the Council.

Thank you for your attention and cooperation.

Sincerely,

s/Melanie A. Bachman
