RE: **TS-AT&T-077-030310** –AT&T Wireless PCS LLC request for an order to approve tower sharing at a proposed telecommunications facility located at 239 Middle Turnpike East, Manchester, Connecticut.

Dear Attorney Fisher:

At a public meeting held March 25, 2003, the Connecticut Siting Council (Council) ruled that the shared use of this existing tower site is technically, legally, environmentally, and economically feasible and meets public safety concerns, and therefore, in compliance with General Statutes § 16-50aa, the Council has ordered the shared use of this facility to avoid the unnecessary proliferation of tower structures with the conditions: 1) that AT&T provide plantings of a size and nature similar to those shown on its Drawing No. 907-007-448B-SC1 to the eastern-most point of the northerly fence line of the facility compound, and 2) that AT&T paint its equipment to match the colors approved for the existing equipment in the compound. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Any additional change to this facility may require an explicit request to this agency pursuant to General Statutes § 16-50aa or notice pursuant to Regulations of Connecticut State Agencies Section 16-50j-73, as applicable. Such request or notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Any deviation from this format may result in the Council implementing enforcement proceedings pursuant to General Statutes § 16-50u including, without limitation, imposition of expenses resulting from such failure and of civil penalties in an amount not less than one thousand dollars per day for each day of construction or operation in material violation.

This decision applies only to this request for tower sharing and is not applicable to any other request or construction.

The proposed shared use is to be implemented as specified in your letter dated March 6, 2003.

Thank you for your attention and cooperation.

Very truly yours,

  
Pamela B. Katz  
Chairman
