RE: **EM-SPRINT-077-170921** - Sprint notice of intent to modify an existing telecommunications facility located at 239 Middle Turnpike East, Manchester, Connecticut.

Dear Mr. Sagristano:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 21, 2017.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the filing due to lack of notice to the municipal planning and zoning department. Therefore, the exempt modification request is incomplete at this time. The Council's January 17, 2017 memorandum is attached for your convenience.

The Council recommends that Cherundolo Consulting provide evidence that notice was provided to the municipal planning and zoning department on or before October 13, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to October 13, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Executive Director
