## Final Report of Special Inspections

Project: CTL01077 (FA: 10035012)

Location: 1298 Storrs Road, Storrs, CT 06268

Owner: AT&T Mobility

Engineer of Record: Daniel P. Hamm, P.E.

TEP OPCO, LLC

To the best of my information, knowledge and belief, the Special Inspections required by Chapter 17 for the project have been performed and all discovered discrepancies have been reported and resolved.

Representatives of TEP performed the Final Inspections after the construction of the telecommunications facility at the above-referenced address. The Final Inspection was performed on September 12, 2024.

Based on my knowledge, information and belief the wireless installation substantially conforms to the approved plans, IBC 2021 with 2022 CT State Building Code Amendments, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-H), and the following:

1. Final Rev. 1 Construction Drawings dated 05/31/2024, prepared by TEP Northeast (TEP OPCO, LLC), entitled "Split Sector, 5G NR 1DR-1, 5G NR 1SR CBAND, Antenna MOD, 5G NR Radio, 5G NR Activation, 5G NR Software Radio, 2023 Upgrade."
2. Final Rev. 3 Mount Analysis dated 04/07/2023, prepared by TEP Northeast (TEP OPCO, LLC).
3. Final Rev. 3 Tower Structural Analysis dated 05/01/2023, prepared by TEP Northeast (TEP OPCO, LLC).

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,  
Special Inspector

Daniel P. Hamm, P.E.
