RE: Exempt Modification EM-EVER-080-220616e: Notice of Completion of Modifications
East Meriden Substation, 300 High Hill Road, Meriden, Connecticut

Dear Attorney Bachman:

On June 16, 2022, The Connecticut Light and Power Company doing business as Eversource Energy ("Eversource") provided notice to the Connecticut Siting Council (Council) of its intent, in accordance with Section 16-50j-57(a) of the Regulations of Connecticut State Agencies, to replace a failed 46.7 megavolt ampere ("MVA") transformer at its existing 115-kilovolt ("kV") / 13.8-kV East Meriden Substation ("Substation") with a new 62.5 MVA transformer. The transformer was replaced within the fenced Substation area, which encompasses approximately 0.7 acre within Eversource's 8.8-acre property at 300 High Hill Road in the City of Meriden, New Haven County, Connecticut.

Pursuant to Condition 3 of the Council's July 25, 2022 acknowledgement of Eversource's notice to modify the Substation, Eversource hereby informs the Council that the new transformer was placed into service on October 6, 2022 and all related construction activities, including restoration, associated with the transformer replacement have been completed.

Please contact me at 860-728-4527 if you have any questions regarding this Notice.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley", written over a vertical line.

Kathleen M. Shanley
