Re: **EM-VER-080-210701 – Cellco Partnership d/b/a Verizon Wireless
Telecommunications Facility, 651 Paddock Avenue, Meriden, Connecticut**

Completion of Construction

Dear Attorney Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced facility modification has been completed.

As required by the Council's approval, attached is a letter from Nexius dated January 4, 2022, verifying that the facility modifications were completed in accordance with the April 29, 2021 Mount Analysis Report by Master Consulting. A photograph of the completed modifications is attached.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Mr. Tim Parks

Verizon Wireless
20 Alexander Drive, 2nd Floor
Wallingford, CT 06492

RE: Notice of Completion
Site Name: Meriden_SE_CT
Location Code: 469355
Site Address: 651 Paddock Ave, Meriden, CT 06450

Dear Mr. Parks:

Nexius Solutions Inc. is providing this “**Notice of Completion**” regard to the wireless telecommunications facility installation project at the above referenced site.

The following are the basis for substantiating the compliance with the **Construction Drawings**. Specifically, the installations comply with the

- **Construction Drawings** prepared by Nexius, dated 01/07/2021.
- **Mount Modification Drawings** prepared by Maser Consulting, dated 04/29/2021.
- **Structural Analysis Report** prepared by TEP, dated 10/31/2021.
- **Post-Mod Antenna Mount Analysis Report and PMI Requirements** prepared by Maser Consulting, dated 04/29/2021. The analysis demonstrates that the existing mounts with the proposed modifications will not exceed 100 percent of the structural capacities for the proposed loading changes.

Installation photos taken on 12/19/2021 show that installation is in general compliance with the aforementioned documents.

The work under this contract has been reviewed solely based upon provided site visit information including photos and was found, to the Registered Engineer’s best knowledge, information, and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification / replacement solution. Should you have any questions, comments or require additional information, please do not hesitate to contact us.

Sincerely Yours,
Jiazhu Hu, P.E.
