RE: **EM-VER-081-220914** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at Interstate 84 and South Street, Middlebury, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) is in receipt of your April 4, 2023 and June 6, 2023 correspondence notifying the Council of a change to the model of the remote radio head (RRH) to RF4439d-25A and RF4440-13A due to the unavailability of the approved RRH model.

Pursuant to Regulations of Connecticut State Agencies §16-50j-73, the Council hereby acknowledges notification of the change in the RRH model with the following conditions:

1. Prior to Verizon's antenna installation, antennas and equipment be installed in compliance with the Mount Analysis prepared by Colliers Engineering & Design dated May 1, 2023 and stamped and signed by Peter Albano;
2. Within 45 days following completion of equipment installation, Verizon Wireless shall provide documentation certified by a Professional Engineer that its installation complied with the recommendations of the Mount Analysis.

This acknowledgment applies only to the changes described in the letter dated April 4, 2023 and June 6, 2023.

The RRH installation is to be implemented as specified in the revised Structural Analysis prepared by Centek Engineering, dated April 3, 2023, revised Mount Analysis prepared by Colliers Engineering & Design, dated May 1, 2023 and associated project plans for the above-referenced facility attached to the letters dated April 4, 2023 and June 6, 2023.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director
