RE: **TS-T-MOBILE-082-221121** - T-Mobile notice of intent to modify an existing telecommunications facility located at Palisades Drive (a/k/a 134 Kickapoo Road), Middlefield, Connecticut.

Dear Cullen Morgan:

The Connecticut Siting Council (Council) received a tower share request for the above-referenced facility on November 21, 2022.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified a deficiency with the request. The Structural Analysis (SA), Construction Drawings (CDs) and Monopole Modifications dated October 31, 2022, May 27, 2022, and September 22, 2022 respectively, cite the 2018 Connecticut State Building Code (CSBC); however, the State of Connecticut has adopted the 2022 CSBC effective October 1, 2022.

In addition, the Mount Analysis (MA) provided references the Telecommunications Industry Association’s (TIA) ANSI/TIA-222-Revision H but does not specifically cite the 2022 CSBC or 2021 IBC.

Therefore, the tower share request is incomplete at this time. The Council recommends that T-Mobile provide a MA, SA and CDs that comport with the current 2022 CSBC on or before January 23, 2023. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to January 23, 2023. **Please provide an electronic version and one hard copy of the requested information for the incomplete tower share request to be rendered complete and processed. Please include the Council’s tower share identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,
