Re: **EM-VER-083-121011 – Cellco Partnership d/b/a Verizon Wireless
50 Fairchild Road, Middletown, Connecticut**

Dear Mr. Martin:

On November 1, 2012, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 50 Fairchild Road in Middletown, Connecticut. The modification involved the replacement of certain antennas and the installation of cable diplexers.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that this condition has been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,

Kenneth C. Baldwin

Re: Existing Telecommunications Facility Tower Modification Certification Letter

Project: Verizon ~South Farms
50 Fairchild Road
Middletown, CT

Tower Owner: SBA Communications Corporation
5900 Broken Sound Parkway NW
Boca Raton, Florida 33487

Engineer: FDH Engineering
2730 Rowland Ave Raleigh, NC 27615

Centek Project No.: 13008.CO3

Dear Mr. Gauger,

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the design documents prepared by FDH Engineering:

- ☐ Review of the FDH Modification Drawings dated 10/4/2012.
- ☐ Field observations by Centek personnel of the modifications and coax installations on 1/12/2013 which determined all coax lines and modifications were installed in general compliance with the recommendations of the structural analysis report prepared by FDH on 10/8/2012 .

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE
Principal ~Structural Engineer
